Recommendation

- Based on parent input Area 1 should attend Valley View – this input was based on using public transportation
- Areas 2 & 3 should attend El Dorado
- Area 4 should attend Valley View
- Area 5 should attend Oak Grove

Glenbrook Parent Concern

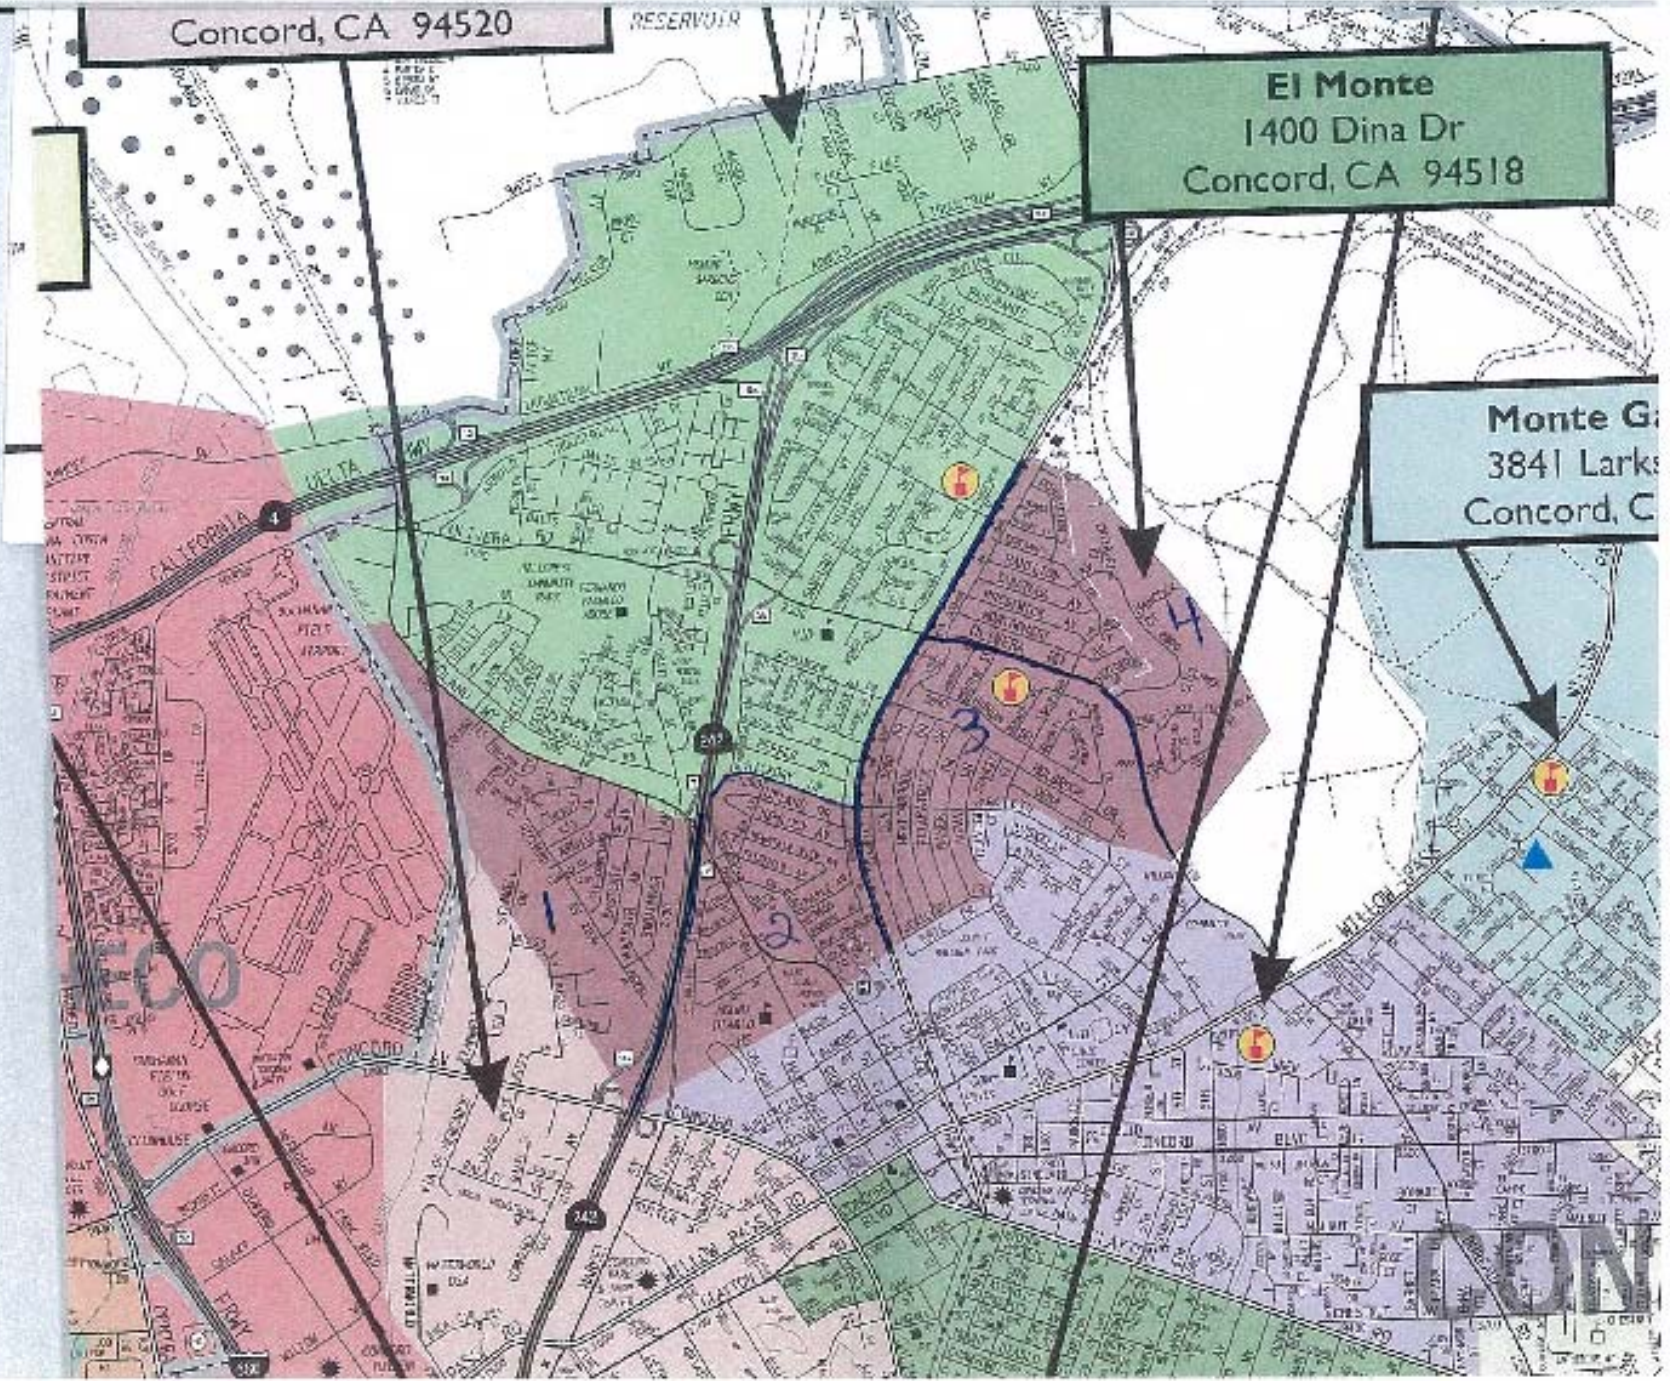

- Primary concern is transportation
 - Currently, it takes two buses to get to El Dorado MS on County Connections and students would have to transfer at the Concord BART station.
 - At a cost of \$21,500 per run (round trip) we could provide transportation from Sun Terrace, Wren, or Glenbrook to El Dorado or Valley View. Therefore, if we charge \$400 annually for a bus pass we would pay for the transportation costs if we averaged 53 students per bus. We could work out a payment plan of \$40 a month for a bus pass.
 - County Connections costs \$4 a day round trip or \$720 annually. Therefore, we could save our families \$320 annually and provide a direct route to the schools.
 - We have had a conversation with Contra Costa 5-11 and they may be able to provide parents vouchers as an incentive to take the school district bus.
 - We could also run a late bus for students in the after school program at El Dorado, or if approved by the State expand the after school programs at Wren and Sun Terrace to include 6-8 graders.
