### Description of Services

To be completed in detail by PROVIDER subject to the express approval of the District and to cover the following areas:

a. Description of academic program:

1-on-1 Learning with Laptops provides high-quality, in-home ELA and Mathematics instruction to students in grades K-12. We use a unique tutoring strategy -- we do not have students work with a tutor who is offsite. Instead, students who participate in our program will be provided with a tablet computer and face-to-face tutoring in a one-on-one setting. Tutors will bring a tablet computer with them to each session and, upon completion of all program hours, students will be given a tablet computer to continue their studies. Tutoring will take place in the students' home or another preferred location such as a public library, where they will access instructional resources specifically tailored to their academic weaknesses and learning styles. Each tutor's role is to engage the student in the learning process, to focus the student, to help the student navigate and absorb the instruction, and to motivate the student academically.

All instruction will be directly aligned with California-adopted academic content standards and curriculum frameworks and California-adopted K-8 instructional materials or grades 9-12 LEA-adopted instructional materials, including any intervention materials used by the LEA. Instruction will be directly aligned with California academic content standards and curriculum frameworks, and California- or LEA-adopted instructional materials including any intervention materials used by the LEA.

b. Description of program materials:

1-on-1 Learning with Laptops uses an assessment tool and instructional programs that are specifically tied to these standards and materials. Specifically, 1-on-1 Learning with Laptops will use an assessment tool developed by Scantron Corporation -- Performance Series -- as well as a computer-based instructional program called netTrekker d.i. (differentiated instruction). This program is tied directly to California's state-adopted academic content standards for English-language arts (ELA) and Mathematics.

NetTrekker d.i. is aligned with California academic content standards for ELA and Mathematics as well, and is an educational online search engine designed to find websites that offer high-quality curriculum. With netTrekker d.i., each student has access to online resources such as interactive worksheets and activities that focus on their individual achievement goals and are specifically tailored to address their academic deficiencies and learning styles, all in direct alignment with California academic content standards. Each of netTrekker's resources are organized by grade level, subject, content standard and readability. Consequently, netTrekker d.i. gives our tutors the ability to specify the exact California academic content standards their students need to master, and then provides them with several options for use as instructional materials.

c. Technology requirements (if applicable):

N/A. 1-on-1 Learning with Laptops provides all equipment, software and internet access to access services, and no technological requirements are placed on the student or student's family.

d. Total program hours, hours per day, days of the week and number of weeks:

1-on-1 Learning with Laptops offers eleven (11) program hours total, between one and two (1-2) hours per day, between two and five (2-5) days a week, and anywhere between one and eleven (1-11) weeks but on average two to four (2-4) weeks.

- e. Location, including identification of specific school sites if applicable:

Services will take place in the student's home or at a local library or community center, as convenient according to the student and/or parent/guardian.

- f. Instructor/student ratio:

1-to-1.

- g. Number of hours of training for staff:

4-5 hours.

- h. Minimum qualifications of staff:

Our tutor pool consists of certified teachers, tutors pursuing masters, bachelors or associates degrees, and tutors who pass a local assessment of content knowledge. At minimum, each tutor will have completed at least sixty (60) college units and further develop their tutoring skills through company-held training orientations.

- i. Student attendance policy (include absenteeism prevention plan):

If 1-on-1 Learning with Laptops is informed by the tutor that a student has excessive late cancellations or absences (3 consecutive cancellations or 5 cancellations in total), we contact the parent/guardian via phone to discuss the excessive late cancellations or absences and settle upon a method of resolution. If the parent/guardian agrees to remain active and commit to our program and policies, yet we find that students late cancellations and absences persist, 1-on-1 Learning with Laptops will inform the parent/guardian that the student's tutoring services have ended. 1-on-1 Learning with Laptops will then inform the district via phone and in writing of the student's removal.

Additionally, at the end of each session, the tutor will ask the parent/guardian to sign the time card/attendance sheet for that session. The tutor will then submit the signed paperwork to our administrative office on a monthly basis so that our representatives can process the attendance and submit a monthly invoice to the LEA. One of our Quality Assurance representatives reviews both the student's attendance and progress. If the student has not made sufficient progress (as set forth in his/her Learning Plan) or has not demonstrated consistent dedication through attendance, one of our staff attempts to resolve the issue with the aid of the tutor's input.

- j. Description of "incentives," if applicable:

1-on-1 Learning with Laptops does not offer an incentive program.

- k. Description of substitute teacher policy:

Tutors are informed that cancelling or rescheduling sessions should always be avoided, and to attempt to conform to their student(s) and parent/guardian(s) schedules as best as possible. In the event a tutor is not able to attend a pre-scheduled tutoring session, tutors will let the parent/guardian know as early as possible and will make appropriate arrangements to reschedule the student's session. In the event the tutor will unexpectedly not be available for future tutoring sessions and will not be able to complete the students' program hours, the student is reassigned to a qualified substitute tutor who is capable of teaching the concepts that relate to that student's achievement goals.

l. Parent and teacher communication plan, including communication to teachers:

Our tutors will be readily available to provide parents/guardians with real-time feedback regarding each student's progress at the end of each session. Tutors will also be required to complete attendance progress reports for each of their students outside of tutoring time, which will document the progress each student has made towards their achievement goals. Attendance progress reports will be mailed to the parents and to BCCH. Additionally, we will encourage communications to ensure that parents know how to get in touch with us. We will also provide the attendance progress reports to schools if requested.

m. Description of complaint procedures:

Prior to the initial meeting between tutor and student, 1-on-1 Learning with Laptops mails an introduction letter to the parent/guardian (written in both English and Spanish) containing all vital information regarding their child's tutoring services. This letter includes a description of our uniform complaint procedures. If a parent/guardian requires further information, they are advised to contact our office for more details. In addition to this written communication to parent(s)/guardian(s), all personnel including tutors are trained on the following company policies and procedures:

**Non-Discrimination Policy:** 1-on-1 Learning with Laptops, Inc. is committed to providing a working and learning environment and does not discriminate against anyone regardless of sex, sexual orientation, gender, ethnicity, race, ancestry, national origin, religion, color, mental or physical disabilities, or any other basis protected by federal, state, local law, ordinance, or regulation.

**Sexual Harassment:** Sexual harassment of or by employees or students is a form of gender discrimination in that it constitutes differential treatment on the basis of sex, sexual orientation, or gender, and, for that reason, is a violation of state and federal laws and is strictly prohibited. Every reasonable step will be taken to prevent harassment from occurring. Any reports of sexual harassment may be directed to 1-on-1 Learning with Laptops at 877-588-8677.

**Complaint/Student Grievance Procedures:** 1-on-1 Learning with Laptops, Inc. adheres to the Uniform Complaint Procedures pursuant to the California Code of Regulations and Federal Code of Regulations. All complaints by parents or students should be reported to 1-on-1 Learning with Laptops at 877-588-8677, or can be submitted in writing to 5777 W Century Blvd, Suite 302 Los Angeles, CA, 90045.

n. Policy for maintenance of records for purpose of evaluating compliance with the provisions set forth in Paragraph 1 of the Contract and items (c), (j) and (l) set forth herein in Exhibit A:

To ensure that the student's achievement goals are being met in an appropriate timeline, each month our tutors are required to submit paperwork to members of our full-time staff. This paperwork includes our 1-on-1 Learning with Laptops time cards, which record the length of time and the date of each tutoring session; as well as the specific Attendance/Progress report of each district, which records each student's tutoring schedule, as well as details his/her progress. One of our staff members reviews both the student's attendance and progress. If the student has not made sufficient progress (as set forth in his/her Student Learning Plan) or has not demonstrated consistent dedication through attendance, one of our staff attempts to resolve the issue with the aid of the tutor's input.

Tutors are mandated to contact 1-on-1 Learning with Laptops immediately after their first session with the student to let us know that they are “in progress”. If we do not hear from tutors within a week to a week and a half after we’ve mailed their student information list, we call them and ensure that they’ve received it, have contacted all their students’ parents and have set up a schedule.

After this first “status check”, 1-on-1 Learning with Laptops communicates with tutors every month via email and written correspondence informing them of any district and/or company updates.

Progress of the student toward achieving the goals stated on the Individual Learning Plan via the Attendance Progress Report, which is mailed (to each) with the frequency mandated as per the school district’s contract. This progress report notes the times and dates of sessions, as well as summarizes progress on a monthly basis.

- o. Invoicing/Terms of Payment, including the expected number of students to receive services for the total fee to be paid or, in the alternative, the expected cost per student served, the hourly rate, the number of session hours expected to be delivered to each student based on PROVIDER’S hourly rate (based on District’s Per Pupil Allocation for SES):

As stated in 1-on-1 Learning with Laptops’ CDE-approved application, a minimum of 20 students are required in order to offer services. We offer eleven (11) program hours at a cost of \$66.84 per-hour, per-student.

- p. Description of the format/content of Program Summary Final Report of student progress (including pre/post assessment tools used):

Our pre- and post-tests, developed by Scantron’s Achievement Series, are one-hour assessments culled from a Kaplan Test Preparation item bank that, in addition to being aligned with California state’s standards, provide reliability and accuracy by ensuring that all content units for each grade level are covered. We measure student achievement by comparing pre-test to post-test score.

Progress of the student toward achieving the goals stated on the Individual Learning Plan via the Attendance Progress Report, which is mailed (to each) with the frequency mandated as per the school district’s contract. This progress report notes the times and dates of sessions, as well as summarizes progress on a monthly basis

**Purpose of Form**

A person who is required to file an information return with the IRS, must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

In 3 above, if applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income.

**Note.** If a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

**Special rules for partnerships.** Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax on any foreign partners' share of income from such business. Further, in certain cases where a Form W-9 has not been received, a partnership is required to presume that a partner is a foreign person, and pay the withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid withholding on your share of partnership income.

The person who gives Form W-9 to the partnership for purposes of establishing its U.S. status and avoiding withholding on its allocable share of net income from the partnership conducting a trade or business in the United States is in the following cases:
